### REF: APPRECIATION FOR EDUCATION SPONSORSHIP

I have a reason to wear a bright smile for your education support that you offered to me freely. For the last eleven years I have been in school. I have stepped on a literate world just because of sponsorship for me to be educated. For sure, you are a friend in deed. If there is people who deserve blessings from our God. why not you?

I managed to score a grade of C in my Kenya Certificate of Secondary Education Popularly known as KCSE. I will be very glad when you support me to pursue electric and electronic courses at a tertiary level of education.

I look forward for your support unto me to pursue my course. Thank you for your time and money that you spent for my education.

Yours Sincerely,

J. K.

### REF: APPRECIATION FOR SUPPORT IN MY EDUCATION:

First and foremost, I want to thank you for sponsoring my secondary school education. I feel blessed to be associated with B.C.C Africa. I kindly appreciate your effort of putting a smile on my face. May Almighty God bless you abundantly. I am happy since I successfully completed my secondary school education and I managed to get a C- and I would like to take tourism and hospitality when I collage. Thank you for making my dream come true and I know with you I will achieve my goals. May God bless you and bless you sincerely. Thank you, thank you again. I'm so happy.

Yours Sincerely

### High School Thanks

Recently the high school graduates of BCC came together at Soweto from across Kenya. We are proud to provide just a few of the touching letters that the kids have sent us.

2015 was an exciting year for us with 8 students completing their KCSE secondary certificate. For many this will be the end of their education but we are currently working on post secondary scholarships to help students enter the workforce and life after BCC.

### REF: APPRECIATION FOR ACADEMIC SUPPORT

Am so appreciative and I say thank you all to the members of BCC Africa for your kind support in academic issues.

I say thank you because you saved my education life which was actually leading to termination. For now I have completed my secondary school education and passed very well where I managed to score a B-. Am looking forward with your support to do electric and electronics engineering which ensure is going to transform my life and become a supportive member of the society as well.

Thank you very much for your love.

Yours faithfully

KIMUYU VINCENT MANGU.
